prepare copy DOUBLE the  
above rates !!

# SCRIP TALK

**DIS AND DATA** ....Raymond and Garnet Cole noted that they sure missed the trip to Bridgeport and hope to make the next one. They are both recovering nicely and wanted to thank all NSCA members for their cards and prayers.... Scriptor George Fisher, a new member from Colorado, pens that he hesitates to bid in the Mail Auction Sale since he has no idea of the value of items offered. He wondered about reducing bids 10% over the second highest bid. I noted to him that we had tried this type of sale some many months ago and that it did not work out since we have only a limited number of bidders and those that do bid usually bid on only a few items in the sale. In my note to him, I suggested that he record bids from the Prices Realized reports in each bulletin back on the sale lists. This will give a good indication of the prices that various listings bring. Too, the Edkins catalog Rarity Figures can also be an indicator of what to bid. He also mentioned the lack of grade or condition of the tokens listed. I noted to him that all tokens listed are considered as collectible and that any serious flaws are noted in the listings. Scrip token collectors do not like the AU, Fine, etc. that coin collectors use. We do, however, occasionally make an AU or like note on some of the tokens listed simply as an indicator that the token is above average circulated tokens.... Vice-President Claude Travis, Jr. pens that his back is giving him a lot of discomfort. He (along with others) have noted that they are still looking out for a Hemi 426 motor (in any condition) for a project that the Janitor is working on in restoration of an old car....Scriptor Dick Sears of Arizona is having a time with the listings for the Strawn, Texas coal tokens. TX 2701. He notes that the series is the most exasperatingly confusing run that he has dealt with...Scriptor Willard Camp, Mtd. Rt. 96, Cliftondale Park, Clifton Forge, Va 24422 seeks information on a token: Bourbon Stave and Lumber Co., White Sulphur Springs, WV. Anyone have this lumber token? Drop Willard a note or let the Janitor know and we will note in bulletin...Former President R. R. Tippy notes that he hated to miss the Bridgeport convention because he was not "up to it". His son is having serious health problems...(Incidentally, your Editor is still on a soup and custard diet after dental surgery and stitches -the whole bit in preparation for a lower denture. After 2 1/2 weeks, I long for a good steak !!)... We still have many, many members who have not renewed for 1992. I hope that you noted the date on Line 2 on the bulletin mailing label for this issue. Due to the high cost of mailings, the Janitor will have to purge the computer after this present issue!! Be sure and drop your \$10.00 dues in the mail to keep your name on the mailing lists....Scriptor Charles Slover, Box 22, Jellico, TN 37762 writes that he has small locomotives machined out of metal. Several kinds are available at various prices. Drop him a note if you have an interest in this type of mining artifacts.... Frank Pallante, 454 River Drive, Westville, NJ 08093 sends along a DEPRESSION SCRIP paper item and would like to hear from any NSCA member interested in paper items....YOUR EDITOR recently had the opportunity to talk with an official of THE NEW RIVER COMPANY. He notes that there is still several hundred pounds of scrip in the company safe. (I thought it had all gotten into circulation). He is trying to assemble sets of the various locations and was able only to come up with 1¢ thru \$5 of Carlisle, Glen Jean and Price Hill. He realizes that the 50¢ Wickham and some others are very difficult. He also was able to find 5¢ thru \$1 on Cranberry and 5¢ thru \$5 on Summerlee; 5¢ thru \$5 on Lochgelly. No pieces of Whipple are in the safe - only 1¢ items from Wickham; only 1¢ from Oswald; only \$5 items from Sprague; 1¢ thru \$1 for Stanaford. This will give NSCA members an idea of what is still out of circulation from this company...MORE LATER !!

 173/9.60 174/21.95 End of Sale No. 144 - Closed 11/22/1991

**SALE 144 COMMENTS:** Was it the fact that return envelopes were enclosed in all bulletins OR was it the quality of the material listed in the auction??? Anyway, we received the highest number of bids in this sale that has been recorded in many years. 69 bidders took the time to check their collections against the 174 lots and MOST won one or more lots!! AS I RECALL, only 5 bidders were unsuccessful!! The STAR of the show was Lot 80 which included the R10 bimetal 5¢ token from Kildav, KY - King Harlan Coal which sold for \$115.00!! The N R & P Stores lots 14 thru 18 brought strong bids for very uncommon tokens !! The Pool & Scothern SET (Lot 106) from Standard MD brought \$80.00 for the set and this bidder got a nice set at a fair price!! Even with the high bids on some lots, many other lots brought only the minimum bid of \$1.00 per token!! It pays to check all lots because there are lots of sleepers included in the listings!!

**SALE 145 IN THIS BULLETIN FEATURES MANY NICE ITEMS SO CHECK THEM OUT!!** As far as number of tokens, Sale 145 is probably the largest in many months. A large number of sets are listed and - for the newer collector or the cherry picker - the sale features many BULK LOTS. The estate of the Ohio collector said to list them in bulk lots. You will find (see Lots 67 thru 75) An \$18.00 minimum bid on lots of 20 nice tokens!!

### "MARK MY WORDS"

Mark Ballard, President

National Scrip Collectors Association

1204 Anderson Drive

Marion, Illinois 62959

**FLASH!!** The Spring 1992 National Convention will be held on May 1 - 2, 1992 at the **COALTOWN MOTEL** - 2 1/2 miles West of Cumberland, Kentucky...The telephone number is: 606/589/2123.

Scriptor Bill Stump is making all arrangements and will distribute the posters on the show over a wide area. Since it was in this area that NSCA was initially started TWENTY YEARS ago, this will be a good location. Too, there are many collectors near this location which should make for a great show.

Scriptor James Lackey of Huntington, WV has the fall 1992 show lined up for the Huntington area. Additional details and location will be announced later in the bulletin so watch for it. You can be making your plans for the first week-end of October.

The Cumberland motel is a modern one and room rates are very reasonable - less than \$28.00 per night. Be sure and make your reservations early and mention that you are with NSCA since we have a block of rooms reserved.

Bill will be glad to provide information for any of you that might want to tour around the area so drop him a note or give him a call at 1-606-573-6868.

On the token project, so that we can have a complete run of NSCA tokens from the shows, the Board of Directors has authorized ordering four sets of tokens. These will cover the 10/83 show in Oak Ridge, Tn; the 5/84 show in Oak Hill, WV; the 10/84 show in Cumberland Gap, TN; and the 5/85 show in Bridgeport, WV. Details on how members can secure these four to complete their sets will be announced in a future issue of SCRIP TALK.

A final reminder on your 1992 dues! Help Walter out and save the club postage by sending in your \$10.00 today. If, for some reason, you do not want to continue, please let Walter know. Too, if you have any problems or want to comment on any phase of NSCA, please drop me a note at the address above.

---

#### JANITOR'S COMMENT:

Back there twenty years ago, I had serious doubts as to whether collectors would pay \$5.00 dues to join NSCA. The early news letters were put out on a contribution basis. The late Paul Jensen and I had many conversations on this before I finally decided to go the dues route. Now, twenty years later, over 1543 collectors have been in and out of membership in NSCA with the annual steady membership staying around 450. Too, in all this time, in spite of greatly increased costs of putting out the bulletin, the dues have raised only to \$10.00 per year. On this 20th Anniversary, we could do a real service for the club by each signing up ONE new member. Use the application bank in this issue of the bulletin. W.C.

**EXCHANGE !!**

DEAL II

**RARITY ITEMS !! SEE IF WE CAN'T WORK OUT AN INTERESTING TRADE !!**

5 You must have some of these items.

## MAY MEETING MAIL/FLOOR BID AUCTION

It's time. It IS Time. Yes it's TIME to say that we hope you and loved ones had a nice Thanksgiving and to wish for you'all a Merry Christmas and a Happy New Year. It also is the TIME that we make our semiannual appeal for tokens for the Mail/Floor Bid Auction which we hold at each of the NSCA meetings. This time it is for the May meeting to be held in Cumberland, Kentucky. We anticipate a lot of local people attending since this the first time we have been in this area. We also expect that some of them will be staying for the auction.

We, therefore, need a lot of tokens rating R7 or higher. We need store tokens, coal tokens, explosive control tokens, lumber tokens, tokens used as wages in other industries and paper used as wages. The pieces should be in good collectible condition and from a variety of states. Our Auction listing will go to more than 400 NSCA members who in the past have been some of our best customers as Mail bidders.

Our commission schedule is designed to decrease as the sales price increases as follows: From \$5.00 to \$10.00 it is 20%; from \$10.01 to \$50.00 - 15%; from \$50.01 to \$100.00 - 10%; and \$100.01 and higher is 5% with a \$10.00 maximum commission.

We started a new Minimum Bid policy with the last meeting auction. Therefore, we need you to place a Minimum Bid value on each lot you send. The MB should be enough to cover, at least, your cost plus our commission. The idea is to protect the consignor against losing any money. If the lot does not sell, we return it to you without any commission charge but with a small charge to cover part of the mailing cost. If you do not place a MB on a lot, we will select a MB at what we believe to be the wholesale cost. This usually would be half of the rarity value. Every lot in the auction will have a MB.

Walter will be publishing one more issue of SCRIP TALK after this one before the May meeting. We would like to have your material by January 31, 1992 so that we can have it ready for that issue. This will give all members the opportunity to bid. If for some reason, you cannot make this date, call me at 615-458 9427 and I will make arrangements to include your material if at all possible.

Please search your duplicates and send them to Bill Williams, Auction Coordinator, 152 Kawga Way, Loudon, TN 37774. We can use one to ten pieces, maybe more. I will send you a written acknowledgement when I receive your material. Your help is urgently needed. If I sound like I am begging, I AM. Many thanks for your help.

### APPEAL      APPEAL      APPEAL

I have a vague recollection of having received an order with a check for a copy of the Explosive Control Tokens book. I do not remember who sent the order, but I feel that I will recognize the name. I can not find the letter and I have not cashed the check. If anyone has placed an order before November 27 and has not received their book by the time this appears in SCRIP TALK, please write me. Tell me when you sent the order and the number of your check. I will send the book as soon as possible after getting your letter. My apologies for the inconvenience. Bill Williams, 152 Kawga Way, Loudon, TN 37774

# CATALOG COMMENTARY

KY3049 A5 and A10 MONARCH COAL & COKE CO./WILMONT, KY./WRIGHT CIN.O./// Good For/ (denomination)/In/Merchandise Only Change book to read as A5 on OB and Reverse ~~for A10~~.

KY3049 A25 and A100 MONARCH COAL & COKE CO./WILMONT, KY./WRIGHT CIN.O./// Good For/ (denomination)/In/Merchandise Only Change these two in the book to read like this. (Note that the slash after "Coal" is removed and the word "Only" is added on the Reverse.)

WV1137 A Series RALEIGH WYOMING COAL CO. The file foils of the A series show that the cutout in the book is reversed. It should be the same as the E series.

WV1137 B Series RALEIGH WYOMING COAL CO. The file foils show that the B50 should read GLEN ROGERS/-W.VA.-, and that B100 should read GLEN ROGERS, W.VA.

WE NEED HELP ON THE FOLLOWING FOUR I.D. CHECKS

WV BETHLEHEM COLLIERIES CORP, MARION DIVISION, incused E

WV BETHLEHEM MINE CORP PRESTON DIVISION, incused F

WV INDUSTRIAL COLLIERIES CORPORATION PRESTON DIVISION incused B

Does anyone know the location of these three?

?? WHITRIGG COLLIERY/N.C.B. incused 715 Is this company located in the United States. If so, what is the location.

WV2123B25b JUNIOR MERCANTILE COMPANY We received a rub of a 25c piece which appears to have been struck on a 10c planchet. It is exactly the same as the file foil for the 25c except that it is 28mm rather than 30 mm, and has 8 scallops rather than 10. Does anyone know if this piece is genuine or spurious. Your help please.

WV161 B1 & B10 SERVICE STORES CORPORATION PRESTON DIVISION, (BARRACKSVILLE, MARION COUNTY) We have received foils of two varieties for the 1c piece. Upon looking at Barracksville in Marion County and at Kingwood in Preston County, we noted that the WV161 B1 & B10 and the WV1521 C1, C5 & C10 all read Preston Division and both sets of foils were exactly the same. Since Kingwood is in Preston County, we concluded that the WV161 B1 & B10 should be deleted and moved to Kingwood. Dodrill shows only one Service Stores Corporation in Marion County at Barracksville. We, therefore, concluded that the foils for Service Stores Corporation, Marion Division should be located at Barracksville. The two 1c foils we received will be listed as WV161B1a and B1b. B1a has two propellor designs 6 mm long on the Obverse and no design on the Reverse. The B1b has two propellor designs 4 mm long on the Obverse and one 4mm design on the Reverse.

WV829A1 THE DOUGLAS CO/D-C/1/DOUGLAS W.VA. A foil submitted for this company caused us to compare the foils for the WV829 A series with foils for WV35 D series. We found them to be exactly the same. We have moved the 829A1 to WV35D4b and consolidated all of the Douglas Coal Co pieces at Albert, W.Va because the store and post office was at Albert. The mine itself was at nearby Douglas.

WV1943 G1a, G1b, & G5 THE CONSOLIDATION COAL CO., INC MONONGAH There are two different ORCO Pat. Pend. reverses for the G1 pieces. The G1a reads "Payable in Cash on Pay Day If and When/Due to Employee to Whom Issued". The G1b reads "Payable in Cash on Pay Day When Due to Employee to Whom Issued". There also are two G5's. The G5a reads like the G1a and the G5b reads like the G1b. The Obverse of the G5s, G10, G25, G50, & G100 all read like the book G1b.

WV1943 H1 RECEIVERS OF THE CONSOLIDATION COAL CO/IN N. D. W.VA./1/NOT TRANSFERABLE/MONONGAH B 17 Rd Sd. The file does not have a foil of this piece. We have received a foil with "COAL CO" on a separate line and "NOT/TRANSFERABLE" on two lines. We need a foil of the first.

piece to verify the difference. Someone Please Help.

## FORGOTTEN FACTS

### GENESIS OF THE N. S. C. A.

By: W. C. Stump

I read my latest *Scrip Talk* with great interest, as I do every issue of our great newsletter. As I read Walter Caldwell's report listing the locations of the past meetings, I didn't see mention of the meeting that gave birth to the National Scrip Collectors Association in early 1972. I recall this meeting of a small group of collectors of coal company scrip. As it turned out, they became the founding fathers of our great association. I attended this meeting as a spectator and solely by accident. I was a sanitarian for the Harlan County Health Department, inspecting food service establishments throughout the area, and distinctly remember that the meeting was held at the Mt. Aire Motel, located on the south side of Pine Mountain on Highway 421-N. I was at the motel to inspect the restaurant and happened to notice my late friend, Paul Whitaker, in the lobby. He informed me that he was attending a "scrip swap." I was amazed at how anyone could be interested in collecting coal company scrip. After all, scrip was worthless at that time except for use as "slugs" in the newly installed parking meters in the city of Harlan. I recall that my friend Howard "Woody" Christian and Howard Short, whom I later developed a friendship with, was also in attendance. I also recall R. R. Tippy but had not gotten to know him at that time. My ability to recall events of my past usually serves me in an excellent manner. However, trying to recall the exact date of this early meeting fails me. To get the accurate facts, I turned to one of the surviving charter members of the N. S. C. A. for assistance, master scriptor and past president, Mr. R. R. Tippy.

According to Tip, he and the late Paul Whitaker organized a scrip collectors meeting at Harlan, Ky., in the spring of 1972. This "scrip swap" was the last of a number of such meetings that was held before the N. S. C. A. was formed, or as Tip said, "Before Walter took the ball and went with it." Mr. Tippy continued and said, "The group of us finally convinced Walter to organize the scrip enthusiasts into a formal and national organization during that meeting in Harlan, Ky. It took a bit of persuading to get Walter Caldwell to assume the position as top organizer, but after a number of informal meetings held throughout the area, everyone wanted to form a collectors association but needed a leader to take charge of organizing the area collectors into a bonafide organization."

## Page 2. Forgotten Facts

The first interstate meeting of scrip collectors was organized by Tip and the late Fred Lange, also known as the legendary Cole S. Cuttle, at Williamson, W. Va., in the late 1960's. A number of meetings were held in different areas of the country before the Harlan meeting in early 1972. However, it was at the Harlan, Ky., meeting that the "ball" that had been bouncing uncontrollably for a number of years was picked up by Walter Caldwell who became the first President of the N. S. C. A. when he officially organized the "team" known today as the National Scrip Collectors Association.

Mr. Tippy recalls that the following people attended the Harlan scrip swap: Bill Duke, Ancil Donohoe, Pat Noe, Mr. & Mrs. Fred Duff, Ed Sigmon, Sr., Ed Sigmon, Jr., Howard Short, Howard "Woody" Christian, Walter Caldwell, Mr. & Mrs. Paul Whitaker, Mr. & Mrs. D. A. Zegeer, Mr. & Mrs. Fred Lange, Don Edkins, and Mr. & Mrs. R. R. Tippy.

It has been nearly 20 years since the scrip swap was held in Harlan County, Ky. The old Mt. Aire Motel is gone, destroyed by a fire in the 1980's. Many of the scriptors who attended that swap are no longer with us or have ceased collecting. However, the memories of those early days and of the departed friends and fellow scriptors will survive in the memories of us all. Most important is the fact that their early interest and dedication to the formation of our great organization has enhanced this great collecting field. Being a native Harlan Countian, I am proud to know that the last unofficial meeting of a group of pioneer collectors, held in Harlan County, Ky., laid the foundation for the National Scrip Collectors Association of which I am a proud member. Little did I realize at the time that I would become a scriptor myself a decade or so later.

Cumberland, Ky., in Harlan County, has been selected as the location for the spring show for 1992. It is ironic that Harlan County was where a dream turned into reality and where Walter Caldwell was convinced to form a formal scrip collecting organization. What better place could one choose to celebrate our 20th anniversary than in the county where a dream came alive.

THE BANNISTER BROS. CO.  
OMAR, W.VA

By C. F. Colley

The Bannister Bros., Co. was a saw mill owned and operated by two brothers, Troy and Charley Bannister, from 1942 to 1948. It was a circular saw mill located in Bannister hollow south of Sarah Ann, WV., in Mingo County. The nearest Post Office was Omar, WV., in Logan County, WV.

They had 34 employees, 17 lumber camp houses and a small company store. The mill sawed mine material only. Items such as headers, cap blocks, wedges and brattice lumber. Most of the production was sold to Puritan Coal Corporation, Lando Mines and Red Jacket Coal Corporation. These mines were all located within ten to fifteen miles of the saw mill.

This company started using scrip in their store in 1945 and they used it until the company closed down in 1948. The scrip used was Orco 1945 in one cent through one dollar denominations. All pieces are brass except the one cent pieces which are aluminum.
